PROFESSIONAL SUMMARY

Enthusiastic Java Developer with hands-on experience in Core Java, JDBC, Spring, Spring Boot and MySQL. Skilled in object- oriented programming and database management, with a strong foundation in Java-based backend development.

TECHNICAL SKILLS

- **Programming Languages:** Core Java, C
- **Frameworks & Tools:** JDBC, Spring, Spring Boot, Hibernate(Basic)
- **Web Technologies:** JSP, Servlets, HTML, CSS, JavaScript(Basic)
- **Database Management:** MySQL
- **Other Skills:** Object-Oriented Programming (OOP), Database Management

EDUCATION

Prof. Ram Meghe College of Engineering and Management,Badnera,Amravati Bachelors of Engineering - Information Technology-GradePoint-**6.85/10**	Aug 2023 - Sep 2025
12th (HSC) Shambhu Mahadev Jr College,Watoor MSBSHSE Board**, 64.33%**	2023
10th (SSC) Renuka Vidya Mandir ,Mantha MSBSHSE Board, **87.00%**	2021

CERTIFICATIONS

- **Infosys Springboard** - **Java Programming**
- **Codeforsuccess – Java Full Stack Development**

PROJECTS

BusEase: Bus Ticket Booking System

- Developed a scalable bus ticket booking platform using Spring Boot and Hibernate to manage buses, routes, schedules, and reservations.
- Implemented role-based authentication and authorization to ensure secure access for admins and passengers.
- Designed a service-oriented architecture to encapsulate booking and route management logic for maintainability and scalability.
- Performed comprehensive API testing using Postman to ensure reliability and seamless ticket operations.

EXPERIENCE

JPMorgan Chase & Co - Software Engineering Virtual Internship Nov - Dec,2024

- Completed practical modules on Project Setup, Kafka Integration, H2 Database Integration, and REST API Development through Forage.

Wells Fargo - Software Engineering Virtual Internship Nov - Dec,2024

- Completed practical modules on Creating and Implementing Data Models through Forage.

HOBBIES AND INTEREST

- Cycling
- Reading Books
- Learning New Skills
